

BALLISTIC RUBBER TILE

Kagariya Fitness is one of the top leading Ballistic Rubber Tile manufacturer and exporter in India with finest quality of rubber crumb .

Product Name	Ballistic Rubber Tiles
Thickness Available	30mm, 50mm, 75mm,100mm
Weight Per Tile	12 kg
Hot Molded Technology	Yes
Compression set (%)	7.23 Mpa at 25% Deflection, test speed-5mm/min. pre-load-2n (DIN 53577)
Elongation at break (%)	48% (ASTM D573)
Specific Gravity (g/cm3)	0.88
Certification	ASTM and DIN standard Approved for polymer materials
Tear Strength (N/mm)	40.1% strain@Break(%)
Operating Temperatures (contir	140-150
Granules Range	0.8mm to 2mm
Length	500mm/19.68 Inch
Material	Sbr Rubber Tiles made from crumb rubber granules with polyurethane polymerically bonded
Colours Available	Basic Black
Width	500mm/19.68 Inch
Tensile Strength (Mpa)	1.29 (DIN 53504 Force 55.4N)
Ammunition Used	up-to .308/7.62mm
Hardness	A 60 (ASTM D2240)
